About the Company

Double A. G Enterprises (Pty) Ltd is a dynamic and innovative company based in Gaborone, Botswana, with a focus on Botswana and Zimbabwe. We are a product and solution-oriented organization, offering a diverse range of services to meet the varied needs of our users and clients.

Our offerings include Double A. G Rent to Own Cars, and our Information Technology division, home to Double A.G Innovations — our tech hub led by creative young minds with several promising intellectual properties in development, operating across Botswana and Zimbabwe. We are also active in Property Development, focusing on enhancing urban landscapes and community infrastructure.

At Double A. G Enterprises, we are dedicated to delivering excellence and fostering progress in our community.

Our Divisions

Double A. G Enterprises is a product and solution-oriented organization, offering a diverse range of services to meet the varied needs of our users and clients.

Double A. G Rent to Own Cars

A flexible rent-to-own vehicle scheme, putting car ownership within reach — zero security deposit. Drivers hit the road and start earning immediately, with every payment building toward full ownership.

Double A.G Innovations

Our IT division and tech hub — CCTV, POS systems, networks, web and app development — operating across Botswana and Zimbabwe, and the team behind Compass Properties, BW-ERP and Tshedimoso.

Doubleag Property Development

Enhancing urban landscapes and community infrastructure — residential developments, community infrastructure and urban enhancement projects built to a considered finish.

Live Platforms in Production

Double A. G Rent to Own Cars

Drive your success — financial constraints shouldn't stall your dreams.

We empower everyday individuals to achieve vehicle ownership through our accessible, hassle-free rent-to-own program — featuring zero security deposits.

By providing reliable vehicles with no upfront fees, we enable you to hit the road and start generating an income immediately. Whether you are entering the e-hailing industry, starting a delivery service, or boosting your business, your vehicle becomes your ultimate asset.

Zero Security Deposit

No upfront fees — get behind the wheel and start earning right away.

Start Earning Immediately

Reliable vehicles that let you generate income from day one.

A Path to Ownership

Your vehicle pays for itself while building toward full ownership.

PUT IT TO WORK

01 E-Hailing **02** Delivery Services **03** Grow Your Business

Driver portal. Every driver gets a secure login at www.doubleag.org to track their balance in real time — contract value, total paid to date, and a full payment ledger.

Double A.G Innovations

Double A.G Innovations is a leading technology company specializing in a wide range of innovative solutions for businesses and organizations, operating across Botswana and Zimbabwe. We take a customer-centric approach to every engagement, combining technical expertise with a commitment to exceptional service – empowering excellence through cutting-edge technology.

WHAT WE OFFER

CCTV Solutions

System design, installation and configuration, HD cameras and recording, remote monitoring and surveillance.

Web & App Development

Responsive websites, e-commerce, CMS implementation, ongoing maintenance and app development.

Audio-Visual Solutions

Professional audio systems, video conferencing, digital signage and multimedia presentation systems.

Access Control & Intercom

Biometric and card-based access solutions, intercom and door entry, integrated with CCTV and security.

POS Systems

Point-of-sale setup and customization, inventory tracking, sales reporting and payment gateway integration.

Network Infrastructure

Network design and planning, wired and wireless installation, firewall security, monitoring and support.

Help Desk Support

Remote and on-site technical support, troubleshooting, software installs and updates, user training.

What We've Built

Three platforms designed, built and shipped end-to-end by Double A.G Innovations — all live in production today.

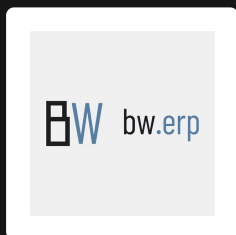

LIVE PLATFORM

Compass Properties — Property & Trade Marketplace

A full-scale, verified property and trade marketplace for Botswana. Buy, rent and book verified short-stay homes, alongside a directory spanning 17 vetted trade and professional service categories. Every realtor, host and provider clears document verification — ID, business registration and licensing — before they can list.

compassproperties.co.bw

LIVE PLATFORM

BW-ERP — One System. Every Process.

Finance, supply chain, manufacturing and people on a single transactional core — so the number on the board pack is the same row the warehouse wrote a minute ago. Built for Botswana specifically: Pula, 14% VAT and BURS PAYE tables come standard, alongside three-way matching, segregation of duties and an immutable audit trail.

bw-erp.co.bw

LIVE PLATFORM

Tshedimoso E-Medical Filing System

One medical file per person, for life — opened at any registered practice and available, with permission, at every other. Tshedimoso streamlines the storage, retrieval and sharing of medical records, improving collaboration between practitioners, reducing paperwork and minimising errors while strengthening data security and compliance.

tshedimoso-emfs.co.bw

Digitalising Africa

Building inclusive tech solutions that bridge the gap between the privileged and the less privileged, making daily life easier for everyone.

GEOGRAPHIC FOOTPRINT & EXPANSION

Current Strongholds

Building presence across the tech landscapes of Zimbabwe and Botswana.

Pan-African Vision

Scalable platforms designed to expand from the SADC region to the entire continent.

Localised Tech

Solutions tailored to both urban centres and rural communities.

STRATEGIC PILLARS & IMPACT

01 Inclusivity & Accessibility

- Lightweight, offline-capable mobile apps for areas with poor connectivity
- Multi-lingual interfaces that accommodate varying literacy levels
- Pricing that stays affordable for low-income users, with premium tiers for corporates

02 Digital Transformation

- Migrating legacy manual systems to secure, cloud-based infrastructure
- Empowering SMMEs with digital payment and management tools
- Partnering with local government to digitalise public service delivery

03 Life-Enhancing Solutions

- FinTech — cross-border remittance and mobile money between Zimbabwe and Botswana
- EduTech — accessible digital learning for remote schools
- AgriTech — connecting smallholder farmers directly to urban markets

5M

Active users across Southern Africa within three years

40%

Of our user base from previously underserved communities

#1

Most trusted homegrown tech ecosystem in Zimbabwe & Botswana

Doubleag Property Development

Doubleag Property Development is Double A. G Enterprises' property arm, focused on residential and community developments that raise the standard of living — from thoughtfully designed housing to the infrastructure that supports it.
